

How to do business with the TDSB

TDSB posts bidding opportunities on BidsandTenders.ca <https://www.bidsandtenders.ca/en/index.aspx> and is a participating agency in one or more procurements with Ontario Education Collaborative Marketplace (OECM) <https://oecm.ca/marketplace> and Ministry of Government and Consumer Services (MGCS) <https://www.doingbusiness.mgs.gov.on.ca/>.

Only pre-qualified contractors and consultants that are on TDSB's approved lists are invited to bid on our construction and design projects. The Board refreshes these lists from time to time through a prequalification process posted on the Bids & Tenders portal. For major projects (e.g. new/replacement schools, additions, etc.), TDSB will issue a separate pre-qualification for both consulting & contracting.
