GRADE RANGE: 9 to 12

Interesting Feature

Mentoring Program

Helping students achieve success is our mission. For some students, failing to attend classes can hinder their ability to realize what they are capable of achieving.

We are a semestered school where you can take up to four courses each semester to accommodate other responsibilities you may have in your life.

You will receive the attention you need to succeed. We give you ongoing support and mentorship.

Subway Academy One features a wide range of academic subjects held in small classes in a warm environment. Our program is best suited to those who have established some foundational skills at the academic level; nevertheless, young people entering our program with few credits are often able to build these skills through hard work and one on one attention. We provide regular classroom instruction meeting three times a week for 60 minute classes.

Our program offers an extensive range of academic courses in the senior levels as well as the full range of Math and senior level Sciences.

We are accustomed to working with young people in crisis and encourage parental/guardian involvement. Our school accepts students aged 16 to 21.

Warm and Caring

The small school environment provides warmth and concern, which enriches student/teacher relations, student confidence and a sense of belonging. Our small class sizes makes a big difference to the personal attention you receive. Class size ranges from 18 to 22 students, to some classes as small as 5 or 6 students. With a dedicated and committed teaching staff, we have developed great relationships with our students.

Test Drive Potential Careers

"We counsel you in a caring way" Our teaching style prepares you for college or university. We offer Business courses with a global focus, and highlight creative talents through our Drama and Music program.

The Subway Academy One Difference

Our guidance department invests in you. Along with our teachers, we provide support in career and personal counselling as well as help you prepare college and university entrance applications and help you search for scholarships. With our programs, they develop the self-directed study skills and discipline essential to succeeding after high school.

University Style of Learning

Our students value our independent learning style. We have developed effective tools to deliver our courses using two common university models. We teach sections of course material with structured projects, formal essays, class presentations, individual research assignments and tests.

Additional Features

- a wide range of subjects
- safe and nurturing environment
- semestered program
- team teaching instruction
- individual attention
- small class sizes
- students must be 16 - 21 years old
- Interest Courses (Chess&Society)

Student Life - Where You Belong

We bring real-world experience to our students where guest speakers present on topics of interest. Students are treated with respect for the myriad of responsibilities they carry and our social scene reflects the time constraints of our students. Our informal environment creates opportunities for our teachers and students to grasp every "teachable moment."

What Sets Us Apart

A strong emphasis on academics.

Teachers are readily available to help where needed.

A warm environment where students are encouraged to ask questions.

Parent and Community Engagement

SA1 encourages parent, guardian and student involvement in our school council. School council meets four times in the school year and discusses program planning and development.

TDSB - Better Schools. Brighter Futures

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
