Interesting Feature

Mission Statement

In a safe, challenging and active learning environment, we will promote academic, social and emotional growth and respect for self, others and the environment. We encourage co-operation and communication among students, staff and the community. Character education is also a central component to helping our students become productive, active and prominent members in our community.

William Tredway Junior Public School is located in Toronto East and is named after a prominent Scarborough pioneer who exemplified leadership in the community. The school opened in September 1956 with ten classrooms and one Kindergarten room. Currently, our two-storey school accommodates 30 classes, in 25 classrooms and 5 portables, and serves a student population representing a rich diversity of cultures.

Tredway is a dual-track school, offering instruction in English from Junior Kindergarten to Grade 6 and French Immersion from Senior Kindergarten to Grade 6.

School Focus

We are continuing to improve and increase our Literacy and Numeracy resources and programs. We are doing this through professional development and ensuring supporting resources are in the classrooms. The staff continues to analyze the data from a variety of resources available to us, which helps us drive our instruction and assessment strategies to improve student performance and learning within our school.

Language and Literacy

At William Tredway we believe that a solid foundation in literacy is critical. Through daily reading with materials at instructional levels, with a focus on improving reading comprehension and higher order thinking we strive for success. We use DRA, Alpha Jeunes, running records CAT 4 and CASI assessments with data from our report cards and EQAO, to inform our practice.

Math, Science and Technology

William Tredway students receive a strong foundation in their numeracy skills. The ability to be numerate is critical to success both within the school system and in the larger community. Furthermore, our students have an opportunity to develop their technological skills in the classroom and our computer lab, with the latest technology from Mac laptops to Mimio Boards.

Student Leadership

At William Tredway, we believe that part of our mandate is to develop well rounded students who are prepared to be productive and positive citizens in our society. We offer leadership opportunities to all our students through awareness of Character Education, School Prefects, School Safety Patrollers, our Eco-Club and other opportunities within the school.

Student Athletics

William Tredway has a long history of excellence in athletics. Our recent success of a city championship (Grade 6 Girls Softball), House Leagues, Track and Field, Cross-Country, Bordonball, Flag Football are some of the many extra-curricular sports that happen at Tredway. Our staff are dedicated to keeping our students active and healthy.

Additional Features

- Houseleagues
- Safe Arrival Program
- Special Education Support
- Reading Club
- Welcome to Kindergarten Orientation

- Dance Club
- Morning Meal Program

Student Life - Where You Belong

While supporting students to achieve their academic potential is our primary focus, students also have a multitude of opportunities to participate in extra-curricular and leadership opportunities. Our Athletic program provides extensive extra-curricular and house league programs. In the fall we have cross country and baseball, followed by basketball and volleyball in the winter and soccer and cricket in the spring. Our Performing Arts program consists of primary and junior choirs, band and our dance club which culminates with our school musical performance and a talent show that showcases our student's talents in the spring. The Eco Club is consistently actively recycling, supporting lunchtime greenbin programs, composting and raising student and staff awareness on a number of other issues. We offer numerous leadership opportunities for our junior students including safety patrol, prefects, office helpers, morning announcements and distribution of pizza lunches. Students fundraise in the fall for the Canadian Cancer Society through the Terry Fox Run, and in the spring for the Heart and Stroke Foundation through Jump Rope for Heart.

What Sets Us Apart

William Tredway is a dual track French Immersion/ English school split about 40/60. We strive on the progress made by our students and help support them with speciality teachers in Music, Drama/Dance Phys. Ed., Computers and Library. We are also very proud of our Eco School's Platinum status and we are working diligently to maintain this within the TDSB. Our Eco Club has pushed for more trees in our school yard, litterless lunches and a greater conservation of energy school-wide.

Parent and Community Engagement

We have a number of teacher candidates from various University's Faculty of Education pre-service program. Through a close connection with Toronto Fire Services, holiday food drives support local food banks. We have had an on-going connection with Cedarbrae Library, which is part of Toronto Public Libraries, that has supported our school's focus on Literacy through the organization of classroom visits for all children, and presentations to our community at various school functions. Various local businesses and organizations support our school through the donation of products and services for annual fundraisers and other community social services like e.g. Tropicana. We have an active School Council which meets regularly. Volunteers and School Council Members are involved in fundraising, supporting staff and students in classrooms, on excursions, in the library, and for special events.

TDSB - Better Schools. Brighter Futures

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
