

June 28, 2024

Dear Students, Staff, Parents, Guardians and Caregivers of York Memorial CI:

The York Memorial project team would like to provide the school community with Construction Update #2 regarding the status of ongoing construction.

The general contractor, Aquicon Construction Co. Ltd., began mobilizing at the York Memorial CI site as of May 6, 2024. The site and zone of construction activity now includes 2 Trethewey and its Annex, which have been enclosed within the hoarding and site fencing. TDSB will provide additional construction signage (see below) that will provide a QR code that community members can use to access the Capital Services York Memorial CI Construction web page. The Capital Services web page provides the current schedule for completion, project updates, and project description.

Currently, the general contractor is working on temporary structural protection and shoring and bracing to facilitate the removal and reconstruction of existing masonry. Demolition has begun of 2 Trethewey's Annex and is anticipated to continue until its completion at the end of this summer. The four-storey 2 Trethewey building has been emptied and taken offline to begin installation of new electrical and mechanical systems for classrooms and program spaces, including Computer Engineering, Communications Technology, Library, Transportation Technology, Construction Technology, Hospitality, and cafeteria spaces, as well as new barrier-free elements. The York Memorial CI reconstruction aims to serve as a beacon of modern education, accommodating the diverse needs of students and staff while integrating advanced technologies and sustainable building practices.

The TDSB Capital Services team will continue to provide regular community updates as we move through construction. For additional information on the York Memorial CI capital project, visit <https://www.tdsb.on.ca/About-Us/Facility-Services/Capital-Projects/York-Memorial-Collegiate-Institute-Rebuild-and-School-Consolidation>.

If you have any questions, please reach out to either one of us. Sincerely,

Roni Felsen  
Superintendent of Education, Learning Network 6
