

Replacement of Dennis Ave CS Update

July 19, 2024

PROGRESS OF CONSTRUCTION WORK

1. Most of the chase walls are now complete. Painting and access panels are to be installed. Areas of exterior walls that are receiving metal siding have the air barrier.
2. The structural steel work is mostly completed. The main roof is completed.
3. Roof op units are installed.

UPCOMING WORK

1. Sidewalk.
2. Site Services.
3. Interior work.
4. Exterior work

COMMUNITY UPDATE:

Everstrong Construction (General Contractor) will begin replacing the fence the week of July 22; the process will take up to 4 weeks (mid-August). Initially, the work will be carried out on the northwest side of the school, then it will move south and then west.
