

Thorncliffe Park P.S. Summer School

Join Us!

July 5 to 30, 2021

9:00 am to 12:00 pm

Program Focus:

Our program will focus on Literacy and Numeracy, explored through STEM, Coding and the development of Oral Language Skills.

Students will be given opportunities to develop problem-solving skills, through engaging inquiry and project-based learning activities. In addition, there will be opportunities for our students to be supported by Speech-Language Pathology students to develop their oral language skills and early literacy skills in their summer school classroom setting.

We are looking forward to an exciting summer of learning and fun!

For students in Kindergarten to 8
