TDSB Severe Weather Procedure

Dear Child Care and Before- and After-School Program Colleagues,

With the colder weather upon us, we would like to remind you of the [TDSB's Severe Weather Procedure](#) and the potential impact to your operations.

If there is a decision to close TDSB schools due to severe weather, schools will be closed to all programs including child care and before- and after-school programs (BASP). Notice of school closures will be posted on the [TDSB website](#) and [TDSB X page \(formerly Twitter\)](#) by 6:00 am on the closure day. Child care and BASPs will also receive an email notification from the Child Care Services team if schools are closed, but our website and X pages will be the best sources for up-to-date information.

For more information, you may visit the [TDSB Snow/Cold Weather webpage](#).

Please do not hesitate to connect with our team should you have any questions.

Sincerely,

Child Care Services

Toronto District School Board
