Re: Mortimer, Traffic Safety, and Community Safety Zones

Dear Chester, Westwood and Jackman Principals and School Councils.

I hope this letter finds you all well.

I am sharing with you a link to a Mortimer Traffic Safety survey which was distributed by Councillor Paula Fletcher over the summer around your school communities:

<https://www.councillorPaulaFletcher.ca/mortimersafety>

I am sure this short survey will be of interest to the many parents and caregivers who have asked for enhanced safety measures for traveling to and from schools.

I would appreciate if you helped circulate the survey to school communities as appropriate this week. It would be important for families to complete the survey by next Monday, September 23, as I understand the survey results are to be considered at Toronto and East York Community Council on Wednesday, September 25.

I am very supportive of improved traffic safety measures, and particularly supportive of the recommendation for a Community Safety Zone that could cover Chester and Westwood schools.

Thanks very much,

A handwritten signature in black ink that reads 'Sara Ehrhardt'.

Sara Ehrhardt
Trustee, Toronto District School Board Ward 15, Toronto-Danforth
