Dear Bruce School Community

Earlier this year I received concerns around road safety issues in and around Bruce Public School, including concerns at the intersections on Queen near the school, and the overall speed of school buses travelling in the area. Thank you for bringing these concerns forward.

I brought concerns regarding the speed of school buses to TDSB transportation services for their awareness and follow-up, I would encourage the community to let the school principal know if you are continuing to observe issues.

Working collaboratively with the Councillor's office, I understand that the following updates have been made:

- Relocation of stop signs at Queen
- Extra no entry signs for northbound traffic on Larchmount
- Refreshed pavement markings for Queen and Larchmount
- Watch your speed signs are being added

I am hopeful that taken together these changes are supporting a safer trip to and from Bruce school each day.

Please take care,
