

Humberside CI, Runnymede CI, and York Memorial CI Attendance Boundary Change Review Frequently Asked Questions

1. What is a Boundary Change Review?

Local neighbourhood schools have attendance areas defined by boundaries that are used to establish admission to a school's regular program. Boundaries between two schools can be changed to reduce overcrowding, utilize surplus space or designate addresses to a closer school.

A Boundary Change Review is one of the strategies included in the Board's Long-Term Program and Accommodation Strategy (LTPAS), a document that was first created in 2014 and is reviewed annually. The strategy provides an approach to program and accommodation planning within a ten-year timeframe that allows for responsiveness and flexibility in a changing environment. It is a roadmap for the future that identifies studies that could lead to Accommodation Reviews.

To learn more about the LTPAS, please visit: <https://www.tdsb.on.ca/About-Us/Strategy-Planning/Long-Term-Program-and-Accommodation-Strategy>

2. Will my address be affected by this boundary change review?

Yes, if you live within the shared secondary attendance area of Humberside CI/York Memorial CI.

The boundary change effects new Regular program students looking to register at Humberside CI in September 2026, provided they do not have an older sibling attending the school.
